

Kiruthika K

Artificial Intelligence & Data Science Engineer

6383375257 — kj.kiruthika2006@gmail.com — Trichy, Tamil Nadu
linkedin.com/in/kiruthika-k-676547352/

PROFILE SUMMARY

Artificial Intelligence and Data Science enthusiast with a strong foundation in Python, MERN Stack, and UI/UX design. Dedicated to solving real-world problems through innovative technology and continuous learning. Seeking an internship opportunity to contribute, grow, and build impactful software solutions.

AREA OF INTEREST

- Data Analytics
- Python Development
- Power BI

INTERNSHIP

MERN Stack Development Intern – IBM

Semester 5

- Completed MERN Stack Development training through IBM SkillsBuild.
- Developed responsive web applications using MongoDB, Express.js, React.js, and Node.js.

PROJECTS

Neuro AI

- Developed an AI-powered learning platform for personalized and interactive education.
- Implemented adaptive learning features to analyze student performance and improve learning engagement.

Blood Bank Management System

- Developed a web-based system to manage blood donors, inventory, and blood requests efficiently.
- Enabled digital tracking of donor records and real-time blood availability.

AI Chatbot

- Developed an AI chatbot to provide automated and context-aware responses to user queries.
- Applied Natural Language Processing (NLP) techniques for intelligent user interaction.

Deep Learning-Based Healthcare Application

- Developed a deep learning-based application for healthcare data analysis and prediction.
- Implemented data preprocessing and model-based prediction to generate useful healthcare insights.

SKILLS

Programming Languages: Python, JavaScript (Basic), HTML, CSS, SQL

AI & ML Concepts: Machine Learning Basics, Model Evaluation

Data Analytics: Excel, Pandas, NumPy, Power BI

Full Stack Development: MERN Stack

Tools & Platforms: Git, GitHub, VS Code, Jupyter

Soft Skills: Teamwork, Communication, Problem Solving, Leadership

EDUCATION

Chettinad College of Engineering and Technology, Karur

Sept 2023 – May 2027

B.Tech – Artificial Intelligence & Data Science

CGPA: 8.0

Government Higher Secondary School, Kattuputhur

June 2022 – May 2023

Higher Secondary – 81%

ACHIEVEMENTS

- Presented a technical project at Kongu Engineering College, Erode.
- Participated in Project Presentation at KSR College of Engineering & Technology.
- presented in PPT Presentation at Ramakrishna Engineering College.
- Participated in the 24-Hour Hackathon at K Ramakrishna College.

CERTIFICATIONS

- **IBM Skills Build – MERN Stack Development:** Completed professional training in MERN Stack and gained hands-on experience in full-stack web development.
- **NPTEL – Ethical Hacking:** Acquired knowledge of ethical hacking, cybersecurity principles, and network security techniques.
- **NPTEL – Neural Networks for Computer Vision:** Earned an **Elite + Silver** certification.
- **HackerRank – Python (Basic):** Validated Python programming fundamentals and problem-solving skills through coding assessments.
